

GIVE US A BRIDGE

*on the Wing Hill
roundabout*

New bypass means no more cycling and walking between Wing and Leighton Buzzard

Would you be willing to cross Wing Hill roundabout, four lanes of a huge dual carriageway with HGVs with no bridge and no pedestrian crossing?!

We need a bridge so children and adults can walk and cycle between Wing and Leighton Buzzard.

Protest to Demand a Bridge for the Wing Hill roundabout

**Saturday 21st April 2007
10.30am - 11.00am**

**At A418/A505 junction on road between
Leighton Buzzard and Wing**

Join us for a short circular bike ride and walk (round the roundabout!) to draw attention to the local walkers' and cyclists' need for a safe crossing over the new Linslade Bypass.

Bucks CC had said a bridge would be best, but have cancelled the bridge due to lack of funding. Lives will be endangered, and many will stop using the route for walking and cycling.

Phone: **01296 682280**
